

PECB Certified Human Resources Security Foundation

Become acquainted with the best practices of Human Resources Security Foundation

Why should you attend?

The Human Resources Security Foundation training course allows you to learn the basic elements to implement and manage information security controls before, during and after a recruitment process. By the end of this training course, you will be able to understand the best practices of implementing human resources security controls in compliance with the ISO/IEC 27002 standard.

Having completed this training course, you can sit for the exam and apply for the "PECB Certified Human Resources Security Foundation" credential. A PECB Foundation certificate shows that you have grasped the fundamental concepts, methods, and management approaches to Human Resources Security.
